《天眷》

Love of the Universe

作詞：太陽盛德導師

作曲：太陽盛德導師

命若有重擔 盼天眷細彈
Life has many challenges.
We hope for the love of the Universe to bestow on us
行盡千山萬水總待 福緣
Gone thru many life journeys.
We wish for luck and opportunities.

豐富今生籤 再喬來世全
To complete this life and a better next life
千辛萬苦圖畫圓 祭蒼天
Gone thru many hardships to complete the life lessons.
We pray for the Universe's love

若非天恩牽 怎圖讚詩篇
Without the blessings from the Universe,
our life story will not be complete
淚如雨下感動這天眷
Shedding tears and feeling touched for the love from the Universe
滿意足心田 再添汗水煎
Feeling content in heart and working even harder
天人合一周全 歲歲又年年
Resonate with the Universe,
life is abundant year after year
